DMA

BM&F Segment

In **December**, the transactions carried out via Direct Market Access (DMA) in the BM&F* segment totaled 25,617,886 contracts traded in 2,483,514 trades. During the previous month, 31,537,229 contracts were traded in 2,887,206 trades.

The volumes registered by each DMA model in the BM&F segment were as follows:

Traditional DMA – 12,266,856 contracts traded in 879,061 trades in December, compared to 15,783,631 contracts traded in 1,219,049 trades in November;

Via DMA provider (including orders routed via the Globex System) – 8,225,628 contracts traded in 234,539 trades in December, compared to 10,736,890 contracts traded in 252,343 trades the month before;

DMA via direct connection – 1,255 contracts traded in 303 trades in December, up from 1,034 contracts traded in 289 trades during the previous month; and

DMA via co-location – 5,124,147 contracts traded in 1,369,611 trades in December, compared to 5,015,674 contracts traded in 1,415,525 trades in November.

In December, the transactions carried out by foreign investors who were presented to BM&FBOVESPA by CME (which either use the order routing system or access the BM&FBOVESPA markets via co-location) totaled 2,240,922 contracts traded in 537,582 trades. In November, those totals were 2,297,168 and 554,624 respectively.

BOVESPA Segment

In **December**, the transactions carried out via Direct Market Access (DMA) in the BOVESPA* segment had a total financial volume of BRL86.68 billion in 12,297,326 trades. During the month of November, those numbers were BRL92.18 billion and 11,690,154 respectively.

The volumes registered by each DMA model in the BOVESPA segment were as follows:

Traditional DMA – BRL71.67 billion in 9,727,649 trades in December, compared to BRL76.89 billion in 9,411,041 trades in November;

Via DMA provider – BRL1.04 billion in 188,596 trades in December, compared to BRL981.77 million in 119,734 trades in November; and

DMA via co-location – BRL13.87 billion in 2,369,659 trades in December, compared to BRL14.21 billion in 2,150,118 trades in November.

** Direct access to the BM&FBOVESPA market segments is carried out through DMA models 1, 2, 3 and 4.*

In model 1 or traditional DMA, the client accesses the trading system through technological intermediation of a brokerage house.

In model 2 or via DMA provider, the client does not use the technological intermediation of a brokerage house, but rather connects to the system through an authorized access provider. DMA via order routing with CME Globex is also a form of DMA model 2.

In model 3 or DMA via direct connection, the client connects to the system through a direct connection.

In model 4 or DMA via co-location, the client installs its own computer within the Exchange's facilities.

Notes: *The volumes registered by access modality include both buy and sell sides of a trade. The volumes by access modality for both the BM&F and the Bovespa market segments have been reported in a consolidated manner in the BM&FBOVESPA statements since May 2009.*
