NOTICE TO THE MARKET

Clarification on news report published on June 13, 2013.

Pursuant to a request for clarification referenced GAE-2669-13, the Issuer Supervisory Department of BM&FBOVESPA S.A. - Bolsa de Valores, Mercadorias e Futuros ("BM&FBOVESPA" or "Company"), acting within the scope of a certain Cooperation Agreement executed with the Brazilian Securities Commission (*Comissão de Valores Mobiliários*), or CVM, requests us to clarify a news report published in the *Valor Econômico* newspaper, issue dated June 13, 2013, under the headline "*BM&F expects savings worth R\$500 million from unification*" (*BM&F prevê economia de R\$ 500 mi com unificação*).

We clarify the reference to R\$500 million worth of daily savings is an estimate related to financial value settled. The integration of our post-trade services will allow for the unification of settlement windows for transactions carried out on equities, derivatives, fixed income and forex markets, such that market participant net payables and receivables from trading in each of these markets can be offset, thus delivering greater capital efficiency.

Accordingly, we clarify the reference to savings in the relevant news report is not related in any way to BM&FBOVESPA's expenses.

Furthermore, we clarify the integration of our post-trade services is an ongoing project still in the development stage, and the actual start of operations is pending approval from the regulators.
