* Direct access to the BM&FBOVESPA market segments is carried out through DMA models 1, 2, 3 and 4. In model 1 or traditional DMA, the client accesses the trading system through technological intermediation of a brokerage house. In model 2 or via DMA provider, the client does not use the technological intermediation of a brokerage house, but rather connects to the system through an authorized access provider. DMA via order routing with CME Globex is also a form of DMA model 2. In model 3, the client connects to the Exchange's trading platforms through a direct connection. In model 4 or via co-location, the client installs its own computer within the Exchange's facilities. Notes: The volumes registered by access modality include both buy and sell sides of a trade. The volumes by access modality for both the BM&F and the BOVESPA market segments have been reported in a consolidated manner in the BM&FBOVESPA statements since May 2009.
