NOTICE TO THE MARKET

Partial divestment in CME Group's shares

BM&FBOVESPA S.A. – BOLSA DE VALORES, MERCADORIAS E FUTUROS (“Company”) announces that today it has sold 20% of the shares it held in the CME Group (3,4 million shares, or 1% of CME Group shares outstanding) while still maintaining ownership of 13,6 million shares (4% of CME Group shares outstanding). The Company informs furthermore, that at this time and under the current circumstances, it has no intention of selling any additional shares in the CME Group.

In connection with the previous disclosure made to the market on February 11, 2010, June 23, 2010 and May 18, 2015, the Company reiterates the importance it attributes to the strategic relationship maintained with the CME Group, which started in 2007 and was deepened in 2010.

CME Group and BM&FBOVESPA believe it is important to maintain such a partnership, which has been fruitful in the development of technologies, acquisition of know-how, order routing, cross listing of products, and in bringing us closer to global customers that operate in our market today. Additionally, we consider that the fact that each of the exchanges holds an equity ownership in the other, as well as Board of Director seats, adds density and relevance to the partnership.

The sale of part of the shares formerly held aimed at rebalancing the mix of the Company's assets and does not impact the fundamental aspects of the strategic partnership between the two exchanges.

The proceeds of the sale will be held in cash by the Company. The portion of the proceeds that make up the profit obtained in this transaction (preliminarily estimated at BRL450 million, based on the book value of investment on June 30, 2015 and closing prices of the CME Group shares on September 4, 2015), regarded as a non-recurring profit, will be subjected to the Board of Directors' consideration at the time of the discussion of the distribution of net profits generated for the full year.
