Clarification on news article (Ref.: Official Letter 228/2018/CVM/SEP/GEA-1)

In reference to Official Letter 228/2018/CVM/SEP/GEA-1, transcription attached, which requests clarifications on a news article published on June 08, 2018, in the newspaper Valor Econômico, Finance section, under the headline: “B3 partnership in China”, particularly on the statement transcribed below:

- ✓ B3 announced a partnership with China Invest Information Services (CIIS), a subsidiary of the Shanghai Stock Exchange. The agreement provides for CIIS to act as the official market data distributor and administrator for B3 in mainland China. In a note, Gilson Finkelsztain, CEO of B3, stated that "the Shanghai Stock Exchange is one of the most important in the world and Asia is part of B3's long-term strategy".

B3 confirms the veracity of the above statement. Although we consider this partnership important for the distribution of Brazilian market data in China, we do not consider this as a Material Fact, under the terms of the regulation, as we do not expect any material impact on our revenues or results in the short or medium term. In the last 12 months, revenues from the distribution of market data accounted for 2.4% of our total revenues and the addition of new customers resulting from such partnership will represent a fraction of that percentage.
