Forward Looking Statements

This presentation may contain certain statements that express the management's expectations, beliefs and assumptions about future events or results. Such statements are not historical fact, being based on currently available competitive, financial and economic data, and on current projections about the industries BM&F Bovespa works in.

The verbs "anticipate," "believe," "estimate," "expect," "forecast," "plan," "predict," "project," "target" and other similar verbs are intended to identify these forward-looking statements, which involve risks and uncertainties that could cause actual results to differ materially from those projected in this presentation and do not guarantee any future BM&F Bovespa performance.

The factors that might affect performance include, but are not limited to: (i) market acceptance of BM&F services; (ii) volatility related to (a) the Brazilian economy and securities markets and (b) the highly-competitive industries BM&F Bovespa operates in; (iii) changes in (a) domestic and foreign legislation and taxation and (b) government policies related to the financial and securities markets; (iv) increasing competition from new entrants to the Brazilian markets; (v) ability to keep up with rapid changes in technological environment, including the implementation of enhanced functionality demanded by BM&F customers; (vi) ability to maintain an ongoing process for introducing competitive new products and services, while maintaining the competitiveness of existing ones; (vii) ability to attract new customers in domestic and foreign jurisdictions; (viii) ability to expand the offer of BM&F Bovespa products in foreign jurisdictions.

All forward-looking statements in this presentation are based on information and data available as of the date they were made, and BM&F Bovespa undertakes no obligation to update them in light of new information or future development.

This presentation does not constitute an offer to sell or the solicitation of an offer to buy any securities, nor shall there be any sale of securities where such offer or sale would be unlawful prior to registration or qualification under the securities law. No offering shall be made except by means of a prospectus meeting the requirements of the Brazilian Securities Commission CVM Instruction 400 of 2003, as amended.

** Exclusions: In 2Q09: stock options plan (BRL 13.4 millions);
In 1Q09: stock options plan (BRL 18.8 millions) and severance costs (BRL 18 millions)

- **Adjusted Operational Expenses in 2009**: BRL 104.9 million (BRL 207.9 million in 1H09, excluding BRL 18 million in severance costs in 1Q09)
- **In line with OPEX budget of BRL 450 million for FY09** (excluding depreciation and stock option plan expenses)
- **Open Outcry**: last session held in June 30th, 2009, anticipating annual synergies of BRL 2.9 million/year

Adjusted Operational Expenses* (BRL millions)

Cost cuts associated with 2007 expenses (BRL millions)**

* In 2Q09 excludes depreciation and stock options expenses and in 1Q09 excludes depreciation, stock options and severance expenses

** 2007 Operational expenses as adjusted for inflation and OPEX budget excludes depreciation and stock options

Headcount Evolution

Personnel Expenses (BRL millions)

- **Headcount reduction in Mar'09**: 23.6% lower than 2Q08
- **Recurring expenses**: provisions and other personnel charges impacts in 2Q09
- **Stock options expenses**: BRL 18.8 million in 1Q09 (recurring and anticipated expenses related to employee terminations) and BRL 13.4 million in 2Q09 (recurring expenses, only)
- **Severance costs**: BRL 18 million in 1Q09 and BRL 4.4 million in 2Q09

DEFERRED LIABILITIES

- Corresponds to deferral of BRL 159.3 million related to transitory difference of the benefit derived from tax amortization of goodwill (BRL 79.6 million in 1Q09 and BRL 79.6 million in 2Q09) with no impact on cash flow.

TAX CREDITS

- BRL 35.5 million related to tax losses previously recorded by the former Bovespa Holding.

CASH POSITION

- Cash and cash equivalents (short and long-term) at the end of the quarter to Jun'09, amounted to BRL 2.9 billion, comprised of collaterals worth BRL 789 million deposited with our clearinghouses, and R\$ 449.6 million in own financial resources deposited in restricted funds.

INTEREST INCOME, NET

- BRL 54.9 million in 2Q09, 29.0% drop as compared to 2Q08, primarily due to year-on-year decrease in financial revenues to BRL 68.0 million in 2Q09 from BRL 92.4 million in 2Q08, thus reflecting the cut in the interest rates that remunerate our financial investments.

DIVIDENDS AND INTEREST ON SHAREHOLDERS' EQUITY

- Payout: BRL 175 million (BRL 0.0873 per share, which amounts to BRL0.0767 per share net of withholding income tax) as follow: BRL141.5 million in Interest on Shareholders' equity and BRL33.5 million in dividends, to be paid on Aug 26, 2009, based on the position as of Aug 14, 2009

DMA EVOLUTION IN BM&F SEGMENT

ORDER ROUTING AGREEMENT WITH CME Group (CME-Globex)

- Initial flow starting in Mar'09 with an ADTV of 58.0 thousand contracts as of Jul'09

ALGOTRADERS IN BM&F SEGMENT

- Jul'09: 2.09% (3.94% in FX and 9.58% in Indices)
- Jun'09: 1.25% (2.69% in FX and 6.88% in Indices)
- May'09: 1.23% (2.46% in FX and 2.56% in Indices)
- Apr'09: 0.53% (1.8% in FX and 0.23% in Indices)

DMA Evolution

CME-Globex Order Routing Evolution

GLOBAL ORDER ROUTING AND ALGOTRADERS

Main initiatives to increase volumes

- Back Office: support in FCMs back office solutions development
- CFTC: pending authorization for US investors to trade in Ibovespa future contracts
- Collaterals abroad: pending authorization by the Central Bank

VOLUMES AND RPC TRENDS

- Algotraders: the rise in volumes from this type of investor should lower the RPC, mainly as related to FX and Equity Derivatives contracts, which in 2Q09 represented 32.6% of ADTV. To date, these effects yet to materialize
- Cuts in reference interest rate: likely increase in credit availability with positive impact on hedging activity, pushing leveraging and diminishing risk aversion

BOVESPA SEGMENT

2Q09

- **Implementation of the V900 version of Megabolsa (Cash Market electronic trading system)**
 - Latency lowered to 153 milliseconds, from 299 previously
- **Reduction of the fees charged in the equity options market related to orders registered in the MegaBolsa System but not executed**

AGENDA 3Q09

- **Reduction of the fees charged equity market related to orders registered but not executed in the Megabolsa System**
 - Fee dropped to BRL 0.04 from BRL 0.05
 - Limit for orders entries increased to 6 from 4 earlier
- **Operating authorization for direct market access via DMA provider (DMA model 2) in the MegaBolsa trading system** (pending approval by the CVM (Brazilian Securities Commission)).
- **MegaLine implementation**
 - Pre-trade risk management tool

AGENDA 4Q09

- **Implementation of the new low latency multi-level communication interface (New Multi-Gateway)**
 - Round trip time – latency reduction to approximately 16 milliseconds
 - By year-end, the latency is expected to have dropped to nearly 10 milliseconds, or about 95% of average latency for Jan/09.
- **Offering of Co-Location services for connectivity to the MegaBolsa**
- **Completion of the project to increase system capacity of the equities clearinghouse (Formerly CBLC)**
 - From 770 thousand trades / day to 1.5 million trades / day

BM&F SEGMENT

2Q09

- **Connection to Bloomberg Tradebook to Global Trading System (GTS)**
 - Provides customers with an international order routing system.
- **GTSLine implementation**
 - Pre trade risk management tool for any kind of access to GTS system
- **Offering of Co-Location services for connectivity to the GTS Trading System**
- **Shutdown of the Open Outcry**

AGENDA 3Q09

- **Connection from the international order routing System of GL Trade (GL Net) to GTS**

BM&FBOVESPA

AGENDA 3Q09

- **Delivery of the BVMF Communication Network (RCB) – addition to the services provided by the RCCF**
 - Open communication network for connectivity between market participants and the Exchange electronic trading systems, giving participants the ability to choose alternative telecommunications providers, data transmission technologies, network capacity and velocity, and contingency resources

AGENDA 4Q09

- **Implementation of the integrated external communication interface for both the MegaBolsa and the GTS systems**
 - Will allow market data transmission from either system via a single channel

INVESTORS GROWTH DRIVERS IN BRAZILIAN CAPITAL MARKET

BM&F SEGMENT

The RPC presented a steady line in the comparison 2Q09 versus 2Q08

BM&F Segment- RPC (in BRL)

BOVESPA SEGMENT

The reduction in trading margin in 2Q09 is due to both a higher participation of day trades in total traded value and implementation of the new pricing policy, which reduced the trading fees in 0.05bp (started from May'09)
